

# Smart solutions to support the sustainable transition of agrifood SMEs: GUARDIANS project and CHEDIH initiative

*Dario Vallauri (M.I.A.C. Scpa) –  
Cluster Manager Polo AGRIFOOD*

*Workshop SME4Green - How to finance your sustainability,  
20 October 2023*

# The Piedmont Innovation Cluster “Polo AGRIFOOD”

---

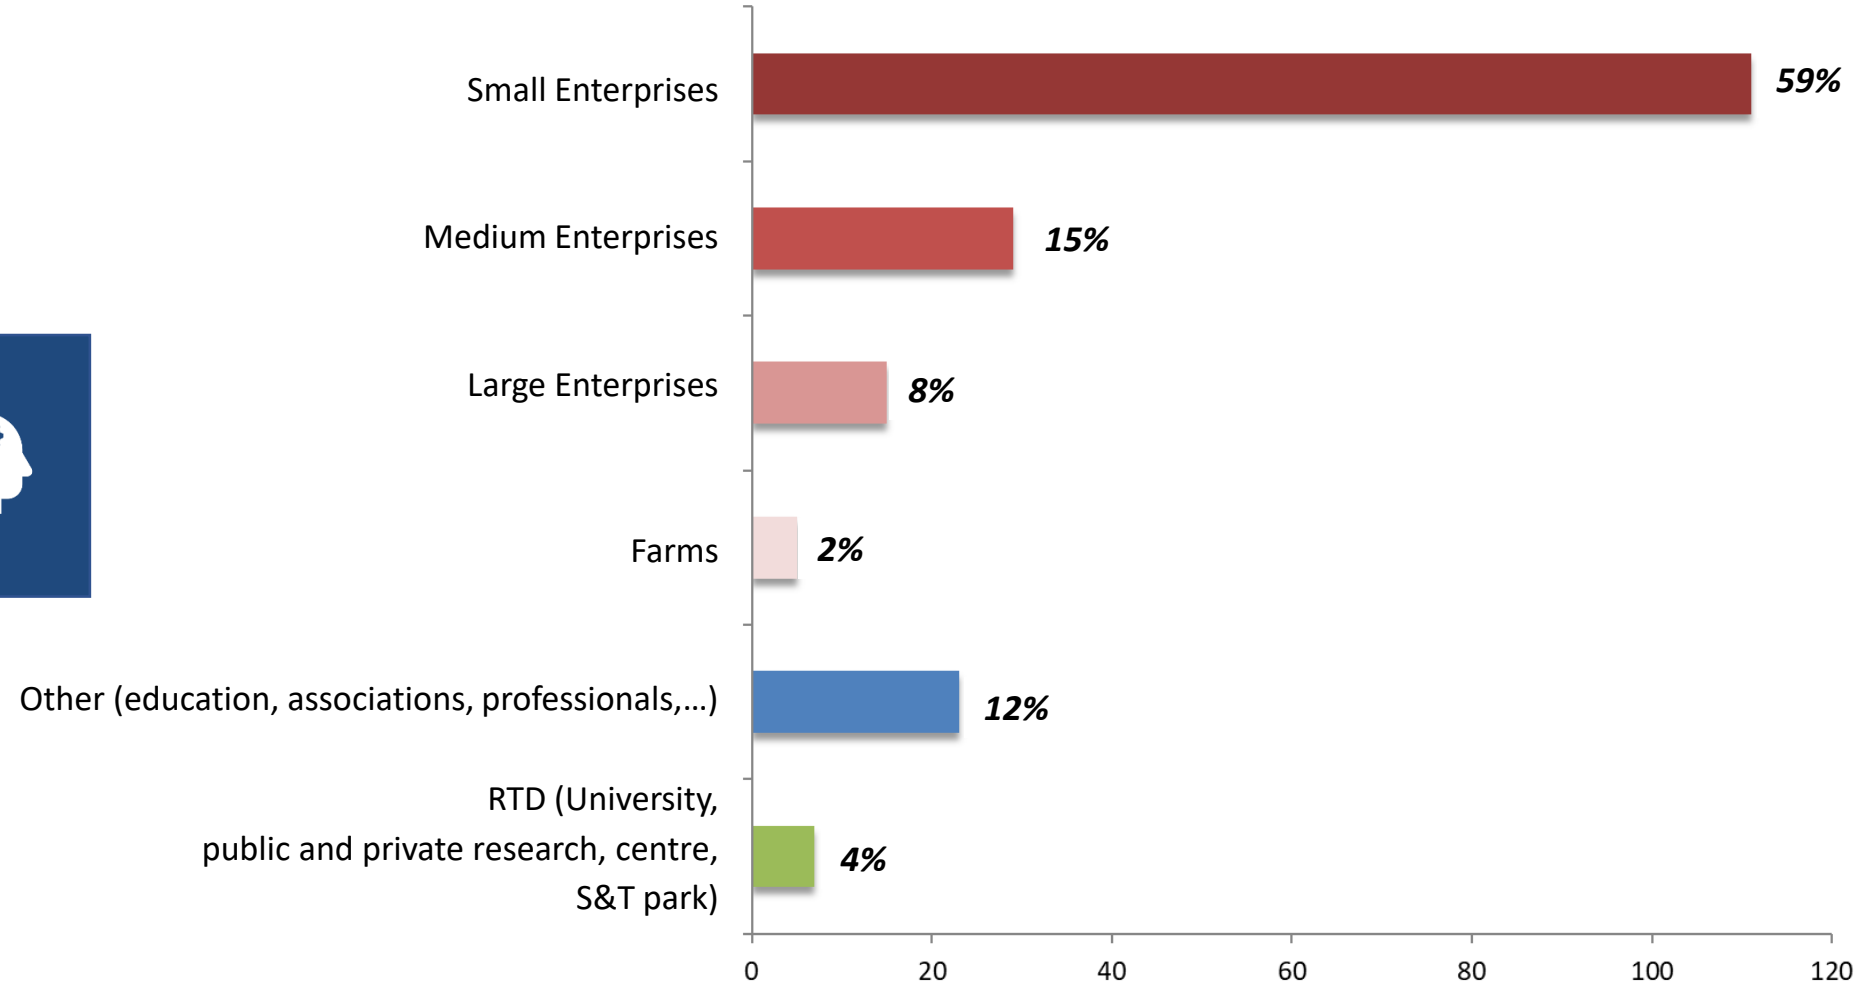

# AGRIFOOD Innovation Cluster of Piemonte Region

- **Network** of F&D industry, research and institutions at regional level
- **Funded in 2009**, renewed in 2016
- **Mission:** to identify the innovation needs of the regional agrifood industry, mainly SMEs, and to support them to innovate their processes and to foster their competitiveness
- **Actions for members:**
  - R+D+I: project building at regional, national and EU level
  - Fund raising for research and development and technology transfer
  - Services, skills and laboratories focused on innovation and technology transfer in specific areas (e.g. packaging; sanitization; product/process innovation)
  - Organization of/participation to: workshops, seminars, B2B, conferences, training

# The Cluster members

190 members of the Cluster

# The key F&D sectors in Piemonte

		Primary production	Processing
<i>Wine</i>		✓	✓
<i>Meat</i>		✓	✓
<i>Dairy</i>		✓	✓
<i>Fruits &amp; vegetables</i>		✓	
<i>Cereals (corn, wheat, rice)</i>		✓	✓
<i>Coffee</i>			✓
<i>Confectionery</i>			✓
<i>Bakery</i>		✓	✓
<i>Farming machinery</i>			✓
<i>Food machinery (process, packaging)</i>			✓

# GUARDIANS

SMART SOLUTIONS TO EMPOWER SMALL- AND  
MEDIUM-SIZED FARMS AS GUARDIANS OF THE  
TERRITORY

Co-funded by the European Union under the Horizon Europe Framework Programme, Grant Agreement No. 101084468. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or European Research Executive Agency (REA). Neither the European Union nor the granting authority can be held responsible for them.

# GUARDIANS - SMART SOLUTIONS TO EMPOWER SMALL- AND MEDIUM-SIZED FARMS AS GUARDIANS OF THE TERRITORY

**Call:** HORIZON-CL6-2022-FARM2FORK — Smart solutions for the use of digital technologies for small- and medium-sized farms and farm structures (Innovation Actions)

**Partnership:** 22 partners from 9 EU countries

## Timeline:

21-22 June 2023: kick-off meeting in Asturias, Spain

Duration: 48 months

# GUARDIANS – SMART SOLUTIONS TO EMPOWER SMALL- AND MEDIUM-SIZED FARMS AS GUARDIANS OF THE TERRITORY

## Main Objective:

- The **empowerment** of small- and medium-sized farms through **smart solutions**.

## How?

- Multi-actor **co-creation** methodology
- Farmer **engagement and acceptance** package
- Design and development of **9 digital solutions**
- Testbed trialling and implementation in **pilots**
- Effective rollout and **replication** phase in other farms
- **2 Open Calls**.

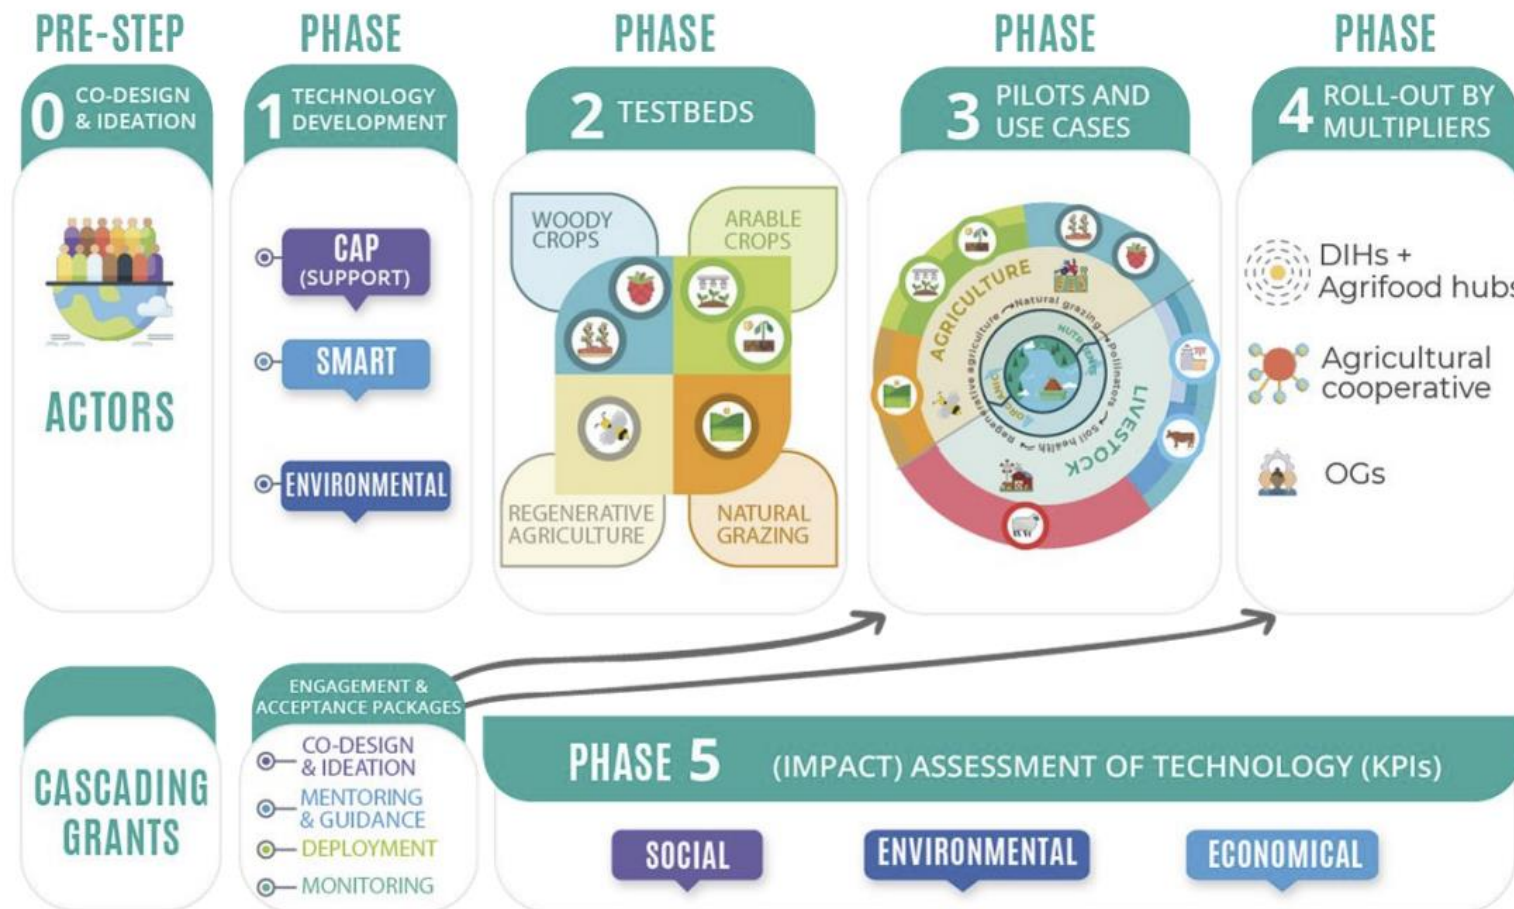

# GUARDIANS - SMART SOLUTIONS TO EMPOWER SMALL- AND MEDIUM-SIZED FARMS AS GUARDIANS OF THE TERRITORY

## METHODOLOGY:

# GUARDIANS - SMART SOLUTIONS TO EMPOWER SMALL- AND MEDIUM-SIZED FARMS AS GUARDIANS OF THE TERRITORY

## Specific Objectives

- Tailored set of **digital innovative solutions**

KPI: **17 technologies**  
(9 internal + 8 from Open Calls)

- Multi-actor co-creation methodological framework**

KPI: **31 technologies** uptaken and **95 farms** (at least one technology)

- Pathways towards more sustainable, productive and resilient **agricultural business** and **governance models**

KPI: **4 agroecological farming models** and multi-actor co-creation methodology

- One-stop-shop** Concept (farming cooperatives, communities or associations) to foster technological innovation for small- and medium-sized farms

KPI: **5 farming cooperatives** working as one-stop-shops

- Enhance environmental and social impact** of new farming approaches by sustainable actions to the benefit of the small- and medium-sized farms

KPI: **+10% soil health;**  
**-50% chemical pesticides;**  
**-20% fertilisers;**  
**-20% water use;**  
**-55% GEIs**

- Foster a **cascading grants** mechanism

KPI: **26 third parties** benefitting from 2 Open Calls

# GUARDIANS - SMART SOLUTIONS TO EMPOWER SMALL- AND MEDIUM-SIZED FARMS AS GUARDIANS OF THE TERRITORY

## Technologies

### Digital Innovative Solution (Technology provider)

1. CAP-support tool for crop management, SATIVUM (ITACyL)
2. Env. progress, profitability & provenance tool (CARBON)
3. Drones for grassland care, GrassGuard (CZU)
4. Climate & weather monitoring platform (LINKS)
5. Beehive protection and monitoring system (ART21)
6. Drones for field protection & wildlife management (FLOX)
7. GHG monitoring platform for stables (CTIC)
8. Biodiversity assessment service (IVL)
9. Blockchain-based environmental certification system (CTIC)

## Pilots & crops

1. Arable crops: irrigated crops & dry land crops / Castilla y León (Spain).
2. Woody crops and arable crops: orchards & dry land and irrigated crops / Piedmont (Italy).
3. Arable crops & livestock production: dry land crops & woody crops & cattle and sheep grazing / Stockholm (Sweden).
4. Regenerative agriculture: woody crops, arable crops & livestock production / Asturias (Spain).
5. Livestock production: dairy cattle & beef cattle / Asturias (Spain).
6. Grassland for livestock grazing: Cattle grazing / Pardubice (Czechia).

# GUARDIANS - SMART SOLUTIONS TO EMPOWER SMALL- AND MEDIUM-SIZED FARMS AS GUARDIANS OF THE TERRITORY

## Goals of the project:

- **digital innovative solutions** to be tested in **four testbeds** and in **27 small- and medium-sized pilot farms**
- different types of crops, grassland, and livestock considered: in **Italy**, Spain, Sweden, UK, and Czech Republic

## Pilot «Cuneo» (Italy):

Technology to test: **AI-based crop monitoring & precision irrigation** management platform (*berry fruits – strawberry, raspberries, cranberries / maize – potatoes – beans*)

in collaborazione con

# GUARDIANS Open Calls

## 2 Types of Open Calls (1 Mio € funding):

- |                       |               |
|-----------------------|---------------|
| 1. CO-CREATE          | December 2024 |
| 2. TEST BEFORE INVEST | March 2026    |

- CO-CREATE (CC) Open Call - to provide funding and business support to **8 consortia** consisting of a research and technology expert and a **small- or medium-sized farm**, external to the consortium, to enrich the GUARDIANS' **portfolio of digital technologies**.
- TEST BEFORE INVEST (TBI) Open Call - focused on **attracting end-users (farms)** aiming to **test, validate and adopt** GUARDIANS' digital technologies and results.

# CHEDIH – “Circular Health” European Digital Innovation Hub

---

# CHEDIH - Circular Health European Digital Innovation Hub

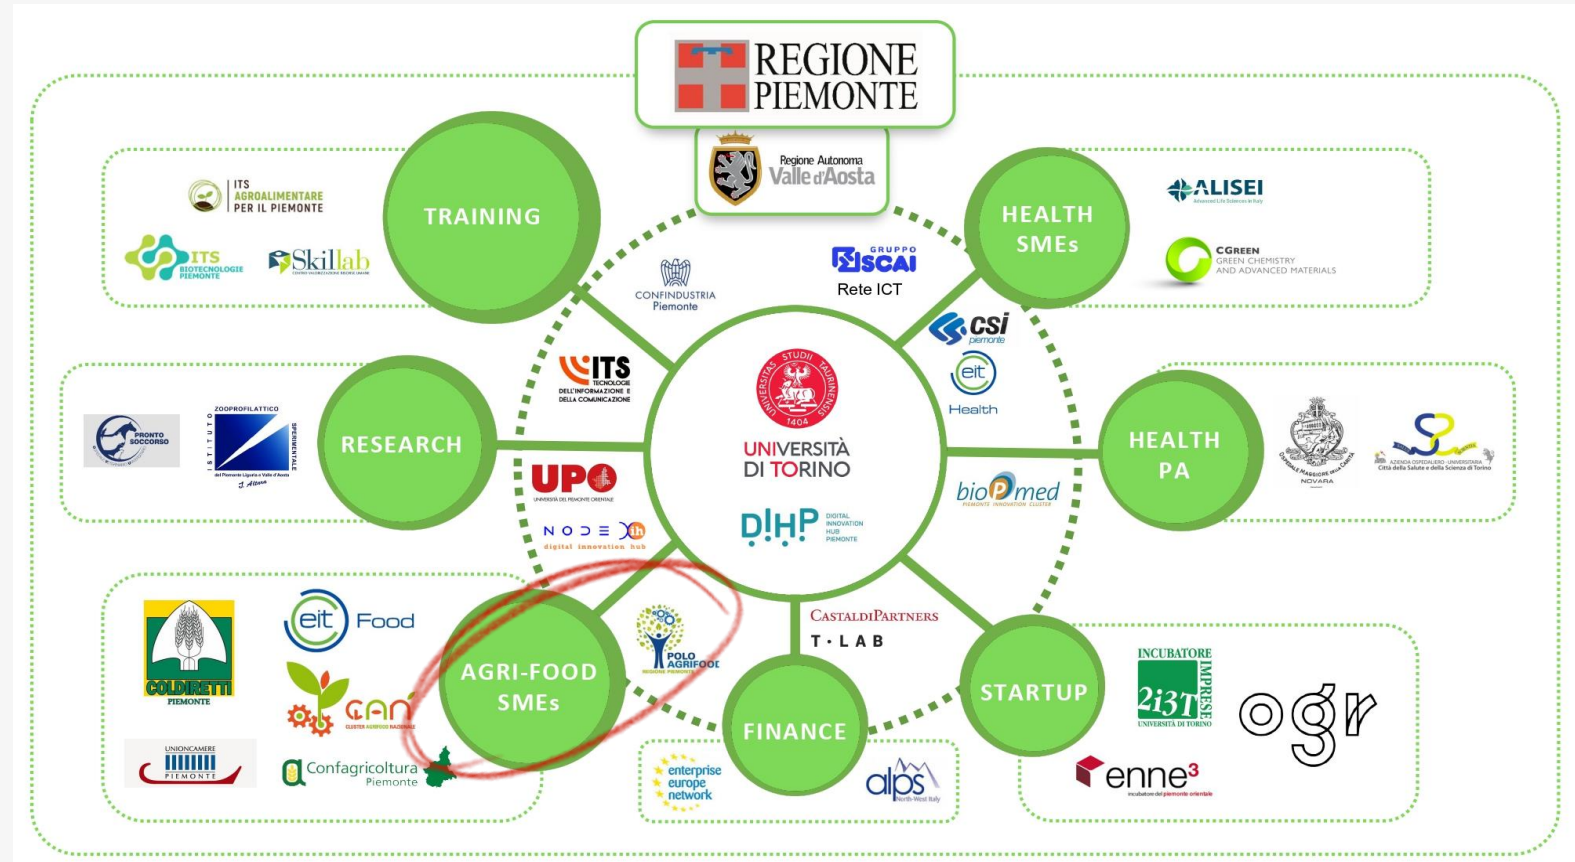

CHEDIH is the Italian EDIH specific to the **agrifood** and **health** supply chains.

AIM: to become a **one-stop shop** to support the **digitalisation** of **SMEs** (and **PAs**) in the two sectors, active in Piedmont and Valle d'Aosta.

# CHEDIH - Circular Health European Digital Innovation Hub

## THE ECOSYSTEM

# CHEDIH - Circular Health European Digital Innovation Hub

## GOALS

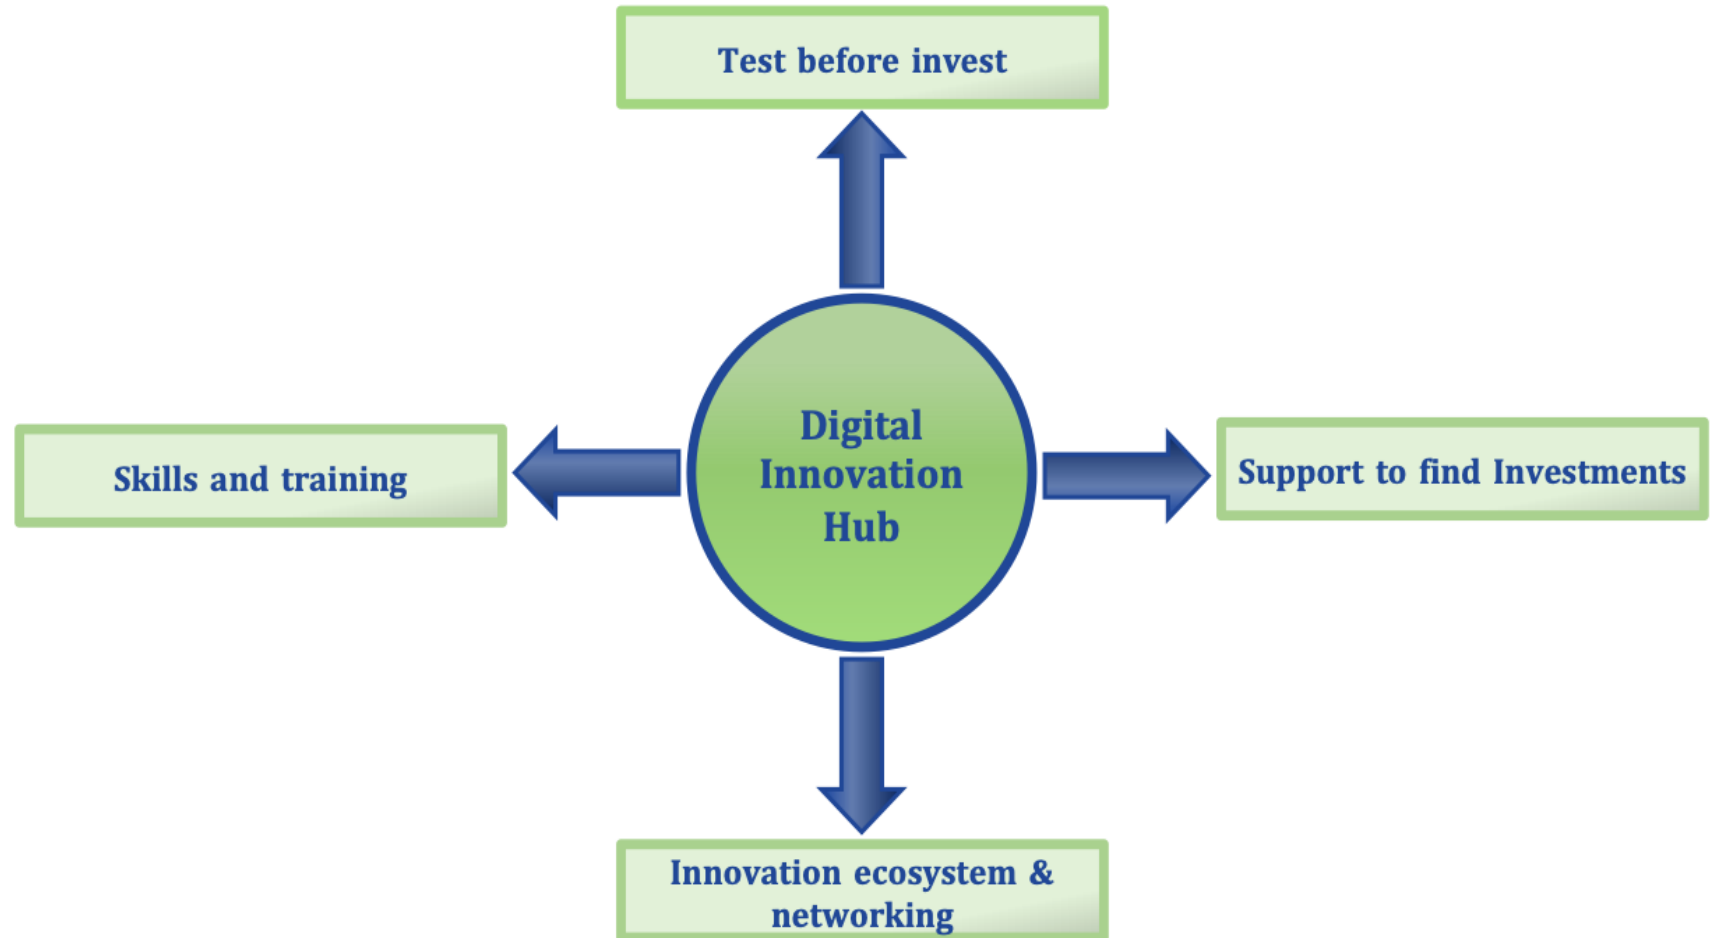

- To support companies through all phases of their digital transition.
- To solve the problem of fragmentation of the offer regarding the digital transition, allowing **SMEs and PAs** to have a **single «supporting partner»** towards the "**twin digital and green transition**".
- Particular attention is paid to **environmental issues and the use of digital technologies for sustainability and circularity.**

## Adoption of advanced digital technologies:

- **Artificial Intelligence (IA)**
- **High performance computing (HPC)**
- **Cybersecurity**
- **Blockchain**

# CHEDIH - Circular Health European Digital Innovation Hub

## EDIH ACTIVITIES

# CHEDIH - Circular Health European Digital Innovation Hub

## SERVICES:

Wide range of specialized **services** offered (free or discounted) by over 30 partners / selected technology suppliers.

PARTNERS

UNIVERSITÀ  
DI TORINO

T • L A B

+ 25 ICT SUPPLIERS

Co-funded by the  
European Union

# CHEDIH - Circular Health European Digital Innovation Hub

# CHEDIH - Circular Health European Digital Innovation Hub

## ACTIVITY

### TEST BEFORE INVEST: AGRIFOOD

- Precision farming
- Blockchain for traceability
- Data analytics in agrifood
- Web and data management
- Predictive maintenance
- IOT sensors for monitoring
- Robotic rovers
- AI Vision
- Monitoring crop with drones
- Infrastructures (Mechatronics)
- Cyber assessment and data protection
- Phytopathogens analysis
- Irrigation
- Earth observation
- Weather
- Drones

# CHEDIH - Circular Health European Digital Innovation Hub

## ACTIVITY

### TRAINING

- **Short reskilling and upskilling courses** for SME and PA employees
- Integration with **higher education**:
  - ITS Academy (higher technical institute)
  - master's degree
  - Doctorate, PhD
  - high apprenticeship

# CHEDIH - Circular Health European Digital Innovation Hub

## FUNDING

- **Public financing:**
  - information
  - support to access to funding tenders
  - participation in EU calls and projects
- **Private financing:**
  - identify business data relevant for due diligence; sustainability verification;
  - building business plan for the digital transition and identification of the company value;
  - contacts with investors: private, equity, venture capital, M&A, support to bank loans;
  - support to negotiation and post deal integration.
